

1st LOCAL DISSEMINATION WORKSHOP IN GETAFE

Project Presentation.

The first Local Workshop was held in Getafe on June 28, 2010 with the aim of disseminating information on the project and to engage relevant stakeholders.

It took place in the Conferences room of the Theatre Federico García Lorca and the 14 attendants were specifically selected among the local and regional institutions that worked for supporting SME's and entrepreneurs, specifically in innovation. The level of the attendants was directors, managers.

In these seminar participated

- GISA
- D'Aleph (technical assistance of the project)
- Chamber of Commerce
- Madrid Development Institute
- Madrid+D Foundation
- Technological Park of Leganés
- Innovation Forum
- Entreprises Association of Industrial Land "Los Angeles"
- Entreprises Association of Industrial Land "Los Olivos"

Agenda

- Welcome and introduction of participants
- Presentation of the Innovation Hubs Project
- Activities of Innohubs which may be interesting for the participants
- Coffee break
- Identification of collaboration opportunities
- Conclusions

Description

GISA and the external assistance hired by GISA (D'ALEPH) explained the project to the participants: background, objectives, partners, activities, funding...

Afterwards, every participant explained the activities that they carried out to support enterprises and entrepreneurs in the field of innovation, to identify good practices. The attendants committed themselves to write their good practices in the Innohubs template.

Some other institutions that work for innovation in SME's and entrepreneurs couldn't attend this workshop. For this reason, the same workshop was repeated for them on July 13, with the attendance of 3 new institutions:

- Scientific Park of University Carlos III
- Technological Park "Tecnogetafe"
- University Carlos III
